DEROGATION FOR 2015

Discipline Rule article n, Article subject	Circuit 205.11 CLOTHING PROTECTION
---	--

TEXT IN 2015 RULEBOOK

205.11 – CLOTHING PROTECTION. It is mandatory that cut resistant clothing “with equivalent properties” to Kevlar 29 fabric be worn by participants in all boats without reinforced cockpits. All limbs of drivers in both reinforced and non-reinforced cockpits must be covered. A one-piece overall suit must be worn in reinforced cockpits.

TEXT FOR 2015 SEASON

205.11 – CLOTHING PROTECTION. It is mandatory that cut resistant clothing “with equivalent properties” to Kevlar 29 fabric be worn by participants in all boats without reinforced cockpits. All limbs of drivers in both reinforced and non-reinforced cockpits must be covered. A one-piece overall suit must be worn in reinforced cockpits. **This rule is only highly recommended for P750.** [See Rule 560.16.]

JUSTIFICATION

Safety Concern: Present rule insists on a suit, which allow for crew to move around in an unsafe manner due to the slippery properties within the material. Rule 560.16 already meets the needs of P750 crews.
